POSSIBLE CARITAS CHALLENGE ACTIVITY IDEAS

SHOPPING BAG CHALLENGE

Farmers in Fiji and Cambodia must walk great distances with their produce as they do not have the machinery/vehicles to help them. Some days they can walk up to 10kms. Your challenge is to see how long/far your group can carry at least 2 shopping bags (with something in them).

Do you think you can keep the shopping bag off the ground for up to 10kms?

BOAT CHALLENGE

In the Pacific region, one of the most common modes of transportation is by boat.

Get yourself a team and see if you can build a boat. The boat size is up to you. Use only material that you can source from your event venue. Part of the challenge could be to see if they are seaworthy by using your school pool if you have one. Will your boat float or sink?

WATERWAYS CHALLENGE

In parts of the Pacific, the waterways are becoming logged with lots of rubbish and pollution. As stewards of creation, we need to manage this pollution and rubbish before it enters our waterways.

Spend some time picking up rubbish around your local waterways to help protect your local environment.

MUSIC CHALLENGE

Using the music in the Caritas Challenge promo video, create your own dance routine with the members of your group.

OR

Reproduce the Caritas Challenge music with household products or items that you could find at school i.e. buckets, pots, chairs etc

Send us your video so we can get a music challenge going across Aotearoa as part of Caritas Challenge 2021.

READING CHALLENGE

There are some great stories, myths and legends that come from the Pacific Islands or are set in the region.

Find these texts and read them for the duration of your challenge. You could run your challenge per book or see how long you can keep reading aloud continuously.

Share the texts you read with us so we can share them with other groups who may take on this challenge.

DESIGNER SHIRT CHALLENGE

Have you ever worn a Hawaiian shirt and thought 'Wow! I could design one of these'?

Now you can! Using symbols from the Pacific region design your own shirt. You could use a shirt template found online or you may even want to challenge yourself and sew/print your own shirt to wear.

Send us your designs and we'll be looking for the loudest shirt design for Caritas Challenge 2021.
